

# **DKV Dentisalud. The Personalised Health Approach, for you**

**With the best coverage and the  
best professionals in oral health.**

Take good care of yourself

## Any insurance policy must start with a commitment. Yours starts with five.

1. We want to offer you the best dental health provisions, but beyond this, we want to give you the best conditions to go with them. This is why many care provisions and treatments are free, and others include discounts of up to 40%.
2. Caring about your loved ones' dental health won't cost you a thing. If you have children under the age of 14, their coverage will be completely free if they are insured with you.
3. We have removed your limits for treatments, so you will never need to take any kind of authorisation with you.
4. If you experience an accident in which you lose or break more than 3 teeth, we will offer you up to 6,000 euros to choose the dentist of your choice, whether or not they are included in the dental directory.
5. If you need cosmetic surgery as a result of the accident, of course you can count on this.

## Here are all the types of coverage that you want today. As well as all those you may need tomorrow.

There are more than 1,500 clinics and dentists at your disposal throughout Spain.

### All the basic cover

- **Diagnosis unit.** So that you can find out the state of your oral health.
- **Preventive dentistry.** We prevent future problems related to your dental health, reducing the need for medium and long-term treatments.
- **Conservative dentistry.** If you have any kind of condition, such as tooth decay, we will clean and treat the damaged area.
- **Paediatric dentistry.** With treatments adapted to young ones.
- **Medical and surgical dentistry.**
- **Orthodontics and dental prosthetics.**
- **Cosmetic dentistry and implants.**
- **Severe dental accident.**

## Oral technological innovations

- Invisible braces.
- 3D image-guided dental implants.
